Learn how to support a child's development with Cox Campus Online Courses.

Cox Campus is **FREE**, online learning through the Rollins Center for Language and Literacy. Rollins is a program of the Atlanta Speech School, with a mission to bring literacy to every child, everywhere.

Courses are available for Infants and Toddlers, Preschool and Pre-kindergarten and Coaching Birth to Five Educators.

We are not born with brains that are wired to read; we must be taught. Cox Campus' research-backed solutions for early childhood educators are built on simple efforts designed to form neurological processes necessary for reading.

on Arizona's Early
Childhood
Registry.

Available Courses with Cox Campus

Infant and Toddlers

Build My Brain – Learn how to harness the brain’s natural ability to grow through talking, singing and playing.

Power of Language – Embrace the power of language by learning how to initiate and sustain responsive interactions. Responsive interactions that support a child’s first language.

TALK With Me – Learn the TALK Strategy, a simple effective technique to build stronger, smarter brains through talking.

Read with ME: Part 1 – Use the TIPS Strategy to transform story time into an interactive experience that promotes language development.

Read with ME: Part 2 – Learn how to modify the TIPS Strategy for Dual Language Learners.

Rhyme with ME – Words, rhythm and rhyme come together to spark children’s imagination, build strong relationships and encourage learning. See how you can use brain-building rhythm and rhyme activities throughout the entire day.

TALK With Me Baby – Create brain-builder partners! Learn how to coach families and caregivers to leverage the power of language through everyday interactions.

Preschool and Pre-Kindergarten

The Power of Language – Leverage the power of oral language! Give children a head start towards reading by introducing complex vocabulary.

Meaningful Conversations – Learn the TALK Strategy, a simple effective technique that prepares children for reading.

Transforming Story Time – It’s not just what you read, but how you read! Transform story time into a brain-building (and fun!) experience.

Building Word Knowledge – Pair interesting, informative text with favorite storybooks to help children better understand the world.

Foundations of Learning to Read – Before a child can conquer reading, they must learn three foundational areas: phonological awareness, alphabet knowledge and concepts of print. Help them master these skills with the “PAC” time.

Sharing Ideas Through Writing – Learn to foster a love of reading by creating developmentally appropriate writing activities.

Supporting Dual Language Learners Right From the Start – Support a child’s home language and create a positive learning experience that responds to their needs and prepares them for kindergarten.

Birth to Five Leaders

Instructional Coaching for Change – Learn an innovative and effective, relationships-based professional learning approach that focuses on teachers’ practices related to language and literacy.

Relationships: The Heart of Coaching – Prepare yourself to build strong coaching relationships through self-awareness, understanding the learner, building trust and having exploratory or initial conversations.
