

Exploration Sessions to become a Pyramid Model Implementation Site

The Arizona Pyramid Model State Leadership Team (SLT) is excited to announce the recruitment of **Cohort 3 Implementation Sites** to advance the installation and expansion of the Pyramid Model across Arizona. To support programs interested in this opportunity, we will be offering both virtual and in-person information sessions specifically designed for staff working in early childhood settings.

These sessions will provide participants with a comprehensive overview of the role of Implementation Sites, feature insights from current sites, outline the **extensive supports available at no cost** to participating programs, and explain the application process, including requirements and timelines.

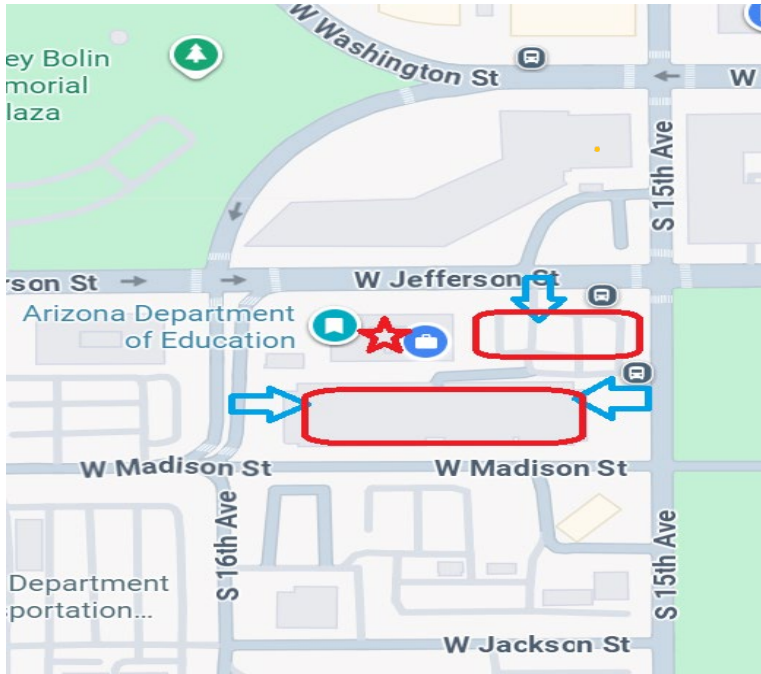

The Pyramid Model is a **nationally recognized** framework of evidence-based practices that promotes young children's healthy social and emotional development.

We welcome you to join any of the upcoming sessions—**no registration required**.

PARKING: GARAGE

- The parking garage is outlined in blue
- Tucson Employee Entrances: Any of the three entrances will accept the garage badge
- It is an In/Out system
 - If you take your car out, the card can only be used to get back in and vice versa. (This is because some individuals abused the system and let other people borrow their cards.)

 - Get ticket when entering the garage
 - Have Office Manager validate parking
- If you need an attendant, use the West side exit
 - If there is no attendant, call 520-336-8733 to reach the garage supervisor. You can use your phone or press the button on the kiosk by the attendant's box.
